Portfolio: https://portfolio-fawn-gamma-95.vercel.app/

SUMMARY

Frontend Developer with hands-on experience building responsive web applications using React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3, and Tailwind CSS. Experienced in integrating REST APIs and managing application state with Redux Toolkit, Zustand, and Context API. Built three product-focused websites using reusable components, React Router, and responsive layouts for desktop and mobile devices. Proficient with Git, GitHub, Vite, and Figma.

SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3
Frameworks and Libraries: React.js, Next.js, React Router, Tailwind CSS
State Management: Redux, Redux Toolkit, Zustand, Context API
APIs and Data: REST APIs, RESTful API integration, Axios
Tools: Git, GitHub, Vite, VS Code, npm, Figma
Core Practices: Responsive Web Design, Component-Based Architecture, Reusable Components

WORK EXPERIENCE

Frontend Developer (Freelance)

Self-Employed | Bangladesh | 2026 - Present

- Build responsive web applications with React.js, JavaScript, and Tailwind CSS that work across desktop and mobile devices.
- Integrate REST APIs to load and display product data in user-focused interfaces.
- Manage application state with Redux Toolkit and Zustand, including cart functionality for e-commerce projects.
- Develop reusable, component-based UI and use Git and GitHub for version control.

PROJECTS

Orebi - E-Commerce Website

Tech: React.js, Tailwind CSS, Redux Toolkit, React Router, REST API

- Developed a responsive e-commerce website with a component-based architecture and centralized state management for cart functionality.
- Integrated product data through REST APIs to deliver product browsing, cart management, and a responsive shopping experience.
